A LIVELY AND NOISY MEETING.

HEAD THE TICKETS

Two Strong Tickets in the Field and Prospects of Another one, besides Several Independents—Some Hustling to be Done—Two Chairmen and a Harmonious Meeting. The Nominees.

The caucus for placing in nomination a set of township officers was called to order a few minutes previous to 7:30 last evening, and was by far the liveliest and noisiest affair of the kind ever held in the city. Two factions were present and opened the exercises by each nominating chairmen and secretaries; the one having D. Bannerman, as chairman, and Herman Rau as secretary and the other with J. H. Parks and James Brown as chairman and secretary respectively.

The upper floor of the town hall was literally packed with men, who when the nominating commenced began to roar and kept it up to the end.

There was such a drive and uproar that a DIAMOND DRILL reporter was unable to hear the result of the balloting and is only able to give the returns by interviewing the leaders of the two local parties. Two tickets were placed in the field and read as follows:

For Supervisor—William Russell.
For Treasurer—Herman Rau.
For Clerk—Albert Austrian.
For Commissioner of highways—Daniel Urquhart.
For Overseer, road district No. 1—M. Bengson.
For Overseer, road district No. 2—Orlando Peterson.
For Overseer, road district No. 3—Charles Malmsteadt.
For School Inspector—William Hooper.
For Justice of the peace—John Morrison.
For Constables—William H. Trathen, John Trombley, Eli Massie, Edward Day.

For Supervisor—William Doucet.
For Treasurer—William J. Uren.
For Clerk—John Fisher.
For Highway Commissioner—Casper Aberle.
For Overseer, road district No. 1—M. Bengson.

For Overseer, road district No. 2—Henry Delorme.
For Overseer, road district No. 3—Clifford Terrien.
For Justice of the peace—Julius J. Patek.
For School Inspector—David C. Lockwood.
For Constables—Gilbert S. Main, Roy Lench, Edward Delorme, Gottlieb Fleiffer.

After the caucus a general season of congratulation followed and soon refreshments were taken.

It was expected that a lively time would be had and it did not fail; the city was full of men from the mines and had the hall been five times as large it would not have held half of them.

The support of the floor is not good and had not additional strength been added it would have surely gone down; as it was it cracked and swayed under its weight of humanity. It was impossible to clear the hall until the caucus was over and it was thought best to remove the fire apparatus below, in case there should be a crash.

The tickets nominated are exceptionally strong and will cause a hard contest, as both of the leaders are very popular men, in fact both tickets are made up of popular candidates, mostly business men.

There is a great probability that another ticket will spring up before next Monday.

M. K. Sullivan announces himself as a candidate for township clerk.

Wonder if Lockwood will buy something if elected?

Mess. Doucet and Russell have each served as supervisor before and their respective abilities in that line are known. They will both run strong.

Several of the nominees have held public offices before.

To say that the caucus was a harmonious affair would be drawing it mild.

Order your election ballots as soon as possible. First come, first served.

How do you like the nominations?
